

The International Scientific and Practical Biennial Conference
“System Analysis in Economics – 2020”
Moscow, Russia

CALL FOR PAPERS

Dear colleagues!

From 09 to 11 December 2020, the VI International Scientific and Practical Biennial Conference “System Analysis in Economics – 2020” will be held at the Financial University under the Government of the Russian Federation. It is organized by the Department of System Analysis in Economics of the Financial University in partnership with a number of organizations in order to create and disseminate integrated systemic knowledge about the laws of the existence and development of society.

The founder of the Conference: Corresponding Member of the Russian Academy of Sciences, Head of the Department of System Analysis in Economics of the Financial University under the Government of the Russian Federation, Doctor of Economics, Professor George B. Kleiner.

The class of problems for discussion includes the following areas:

- systems economic theory and methodology;
- systems analysis of the economy and society problems;
- sustainable innovative development in the framework of systemic paradigm;
- systemic dimension of the human capital development;
- systems analysis of government, regional and municipal management problems;
- systems analysis application for enterprises and non-profit organizations management;
- systems analysis of education problems;
- systems analysis of healthcare problems;
- and other issues of the system paradigm application.

The conference program includes round tables:

- Round table “Systemic imperatives of the World and Mankind development”;
- Round table “Artificial and Natural Intelligence: Competition or Cooperation?”

You can take part in the conference as a speaker or listener.

Detailed information about the Conference is available on the website: <http://sae.systemeconomics.ru/>.
